DEDICATED TEAM

Dedicated Team is a business model when Blackthorn Vision provides software development professionals to the client on a long term basis. These specialists are chosen according to the demands of the client for their experience and skillsets. The client may decide to manage the team from his or her side, or to assign Blackthorn Vision's project manager to coordinate the communication process.

Dedicated team model has a very simple and transparent pricing system: there are monthly payments that depend on the team size. The payment is composed of members' salaries + service provider's fee, which includes administrative overheads
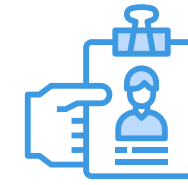

WHEN TO USE

- You want to extend your team quickly

- You want to delegate team administration

- You are struggling to find the right talent

- You want to reduce costs and optimize budget

- You want to participate in team selection

- You want to share your company standards
